Yas Comprehensive Exhibition Management**

****Company**

Is honored, for the second consecutive year, to serve as the official representative of the Chamber of Commerce and Industry of the Republic of Tajikistan for the allocation of exhibition spaces in Iran (with the endorsement of the Embassy of the Islamic Republic of Iran). Furthermore, the company acts as the official representative for the dispatch of trade delegations from Tajikistan to Iran, as well as the organizer of national exhibitions of the Islamic Republic of Iran within Tajikistan

Our organization operates with the strategic objective of fostering economic relations, showcasing the capabilities of Iranian manufacturers, and creating robust export opportunities within regional markets.

****Tajikistan International Construction Industry Exhibition****

October 2026 | Monday

****Tajikistan International Expo Nov 2026****

TAJ BUILD 2026

****Your Gateway to the Tajikistan Construction Market****

The Tajikistan International Construction Industry Exhibition is a specialized event designed to bring together manufacturers, exporters, contractors, investors, engineers, and key stakeholders within the construction sector.

This exhibition provides an ideal platform for product launches, export development, and establishing direct connections with the markets of Tajikistan and Central Asia.

****Tajikistan: Your Gateway to the Central Asian Market****

With its strategic location in the heart of Central Asia, Tajikistan serves as a vital gateway for Iranian companies to expand their presence and access the broader regional markets.

Participation in this market offers the opportunity to collaborate with countries...

including Uzbekistan, Kazakhstan, Kyrgyzstan, and Turkmenistan...

Furthermore, leveraging regional economic agreements and the preferential tariff conditions among certain member states can create a significant advantage for export development.

The Tajikistan Construction Industry: A Growing Market

Rapid urbanization and the expansion of Dushanbe—alongside the implementation of large-scale civil engineering projects and the construction of residential, commercial, and tourism complexes—have generated extensive demand for construction materials, equipment, and advanced building technologies.

****Iran: Tajikistan's Capable Partner in the Construction Industry****

With its extensive production capacity, high quality, and geographical proximity, Iran is a suitable supplier for Tajikistan's construction market
